THE DRIVE OF YOUR LIFE

# INTRODUCING THE *New 406 Coupé*

Dynamic looks, sheer driving pleasure. The 406 Coupé blends perfectly the brilliance of Peugeot's chassis engineers with Pininfarina design flair.

The stunning exterior is matched by the scintillating yet effortless performance of Peugeot's new 3.0 litre 24 valve V6 engine. 194bhp provides the muscle to take the 406 Coupé to a top speed of over 140 mph (where legal).

A true 4 seater with superb interior styling the 406

Coupé has sports front seats and two rear bucket seats, chrome finished instrument dials, a 10 speaker stereo system with a boot mounted 320 watt amplifier and variable power steering. The 406 Coupé also offers digital air conditioning, electrically folding door mirrors, electrically operated and heated front seats and will feature seven completely new body colours when launched in Spring 1997.

THE DRIVE OF YOUR LIFE

It is our policy to continually improve our vehicles in every way and we reserve the right to modify our vehicles' specification (including colour), equipment, accessories and characteristics or to discontinue any model, without notice, at any time. Every endeavour has been made to ensure that the information, details and descriptions set out in this literature are correct, at the time of going to press. However we are unable to guarantee that no changes have subsequently taken place to the specification (including colour), equipment, accessories and characteristics of, or relating to, any Peugeot vehicle, after the publication of this literature.

Although every effort is made to bring this literature up to date, from time to time, in order to avoid any misunderstandings, you are advised to check with your Peugeot dealer the specification (including colour), accessories and equipment relating to any Peugeot vehicle, prior to ordering.
